

Overview of the National Curriculum at Pendock CE Primary School

This document contains 6 sheets, each of which presents an outline of the content for Year groups 1 to 6 from the new National Curriculum from 2014

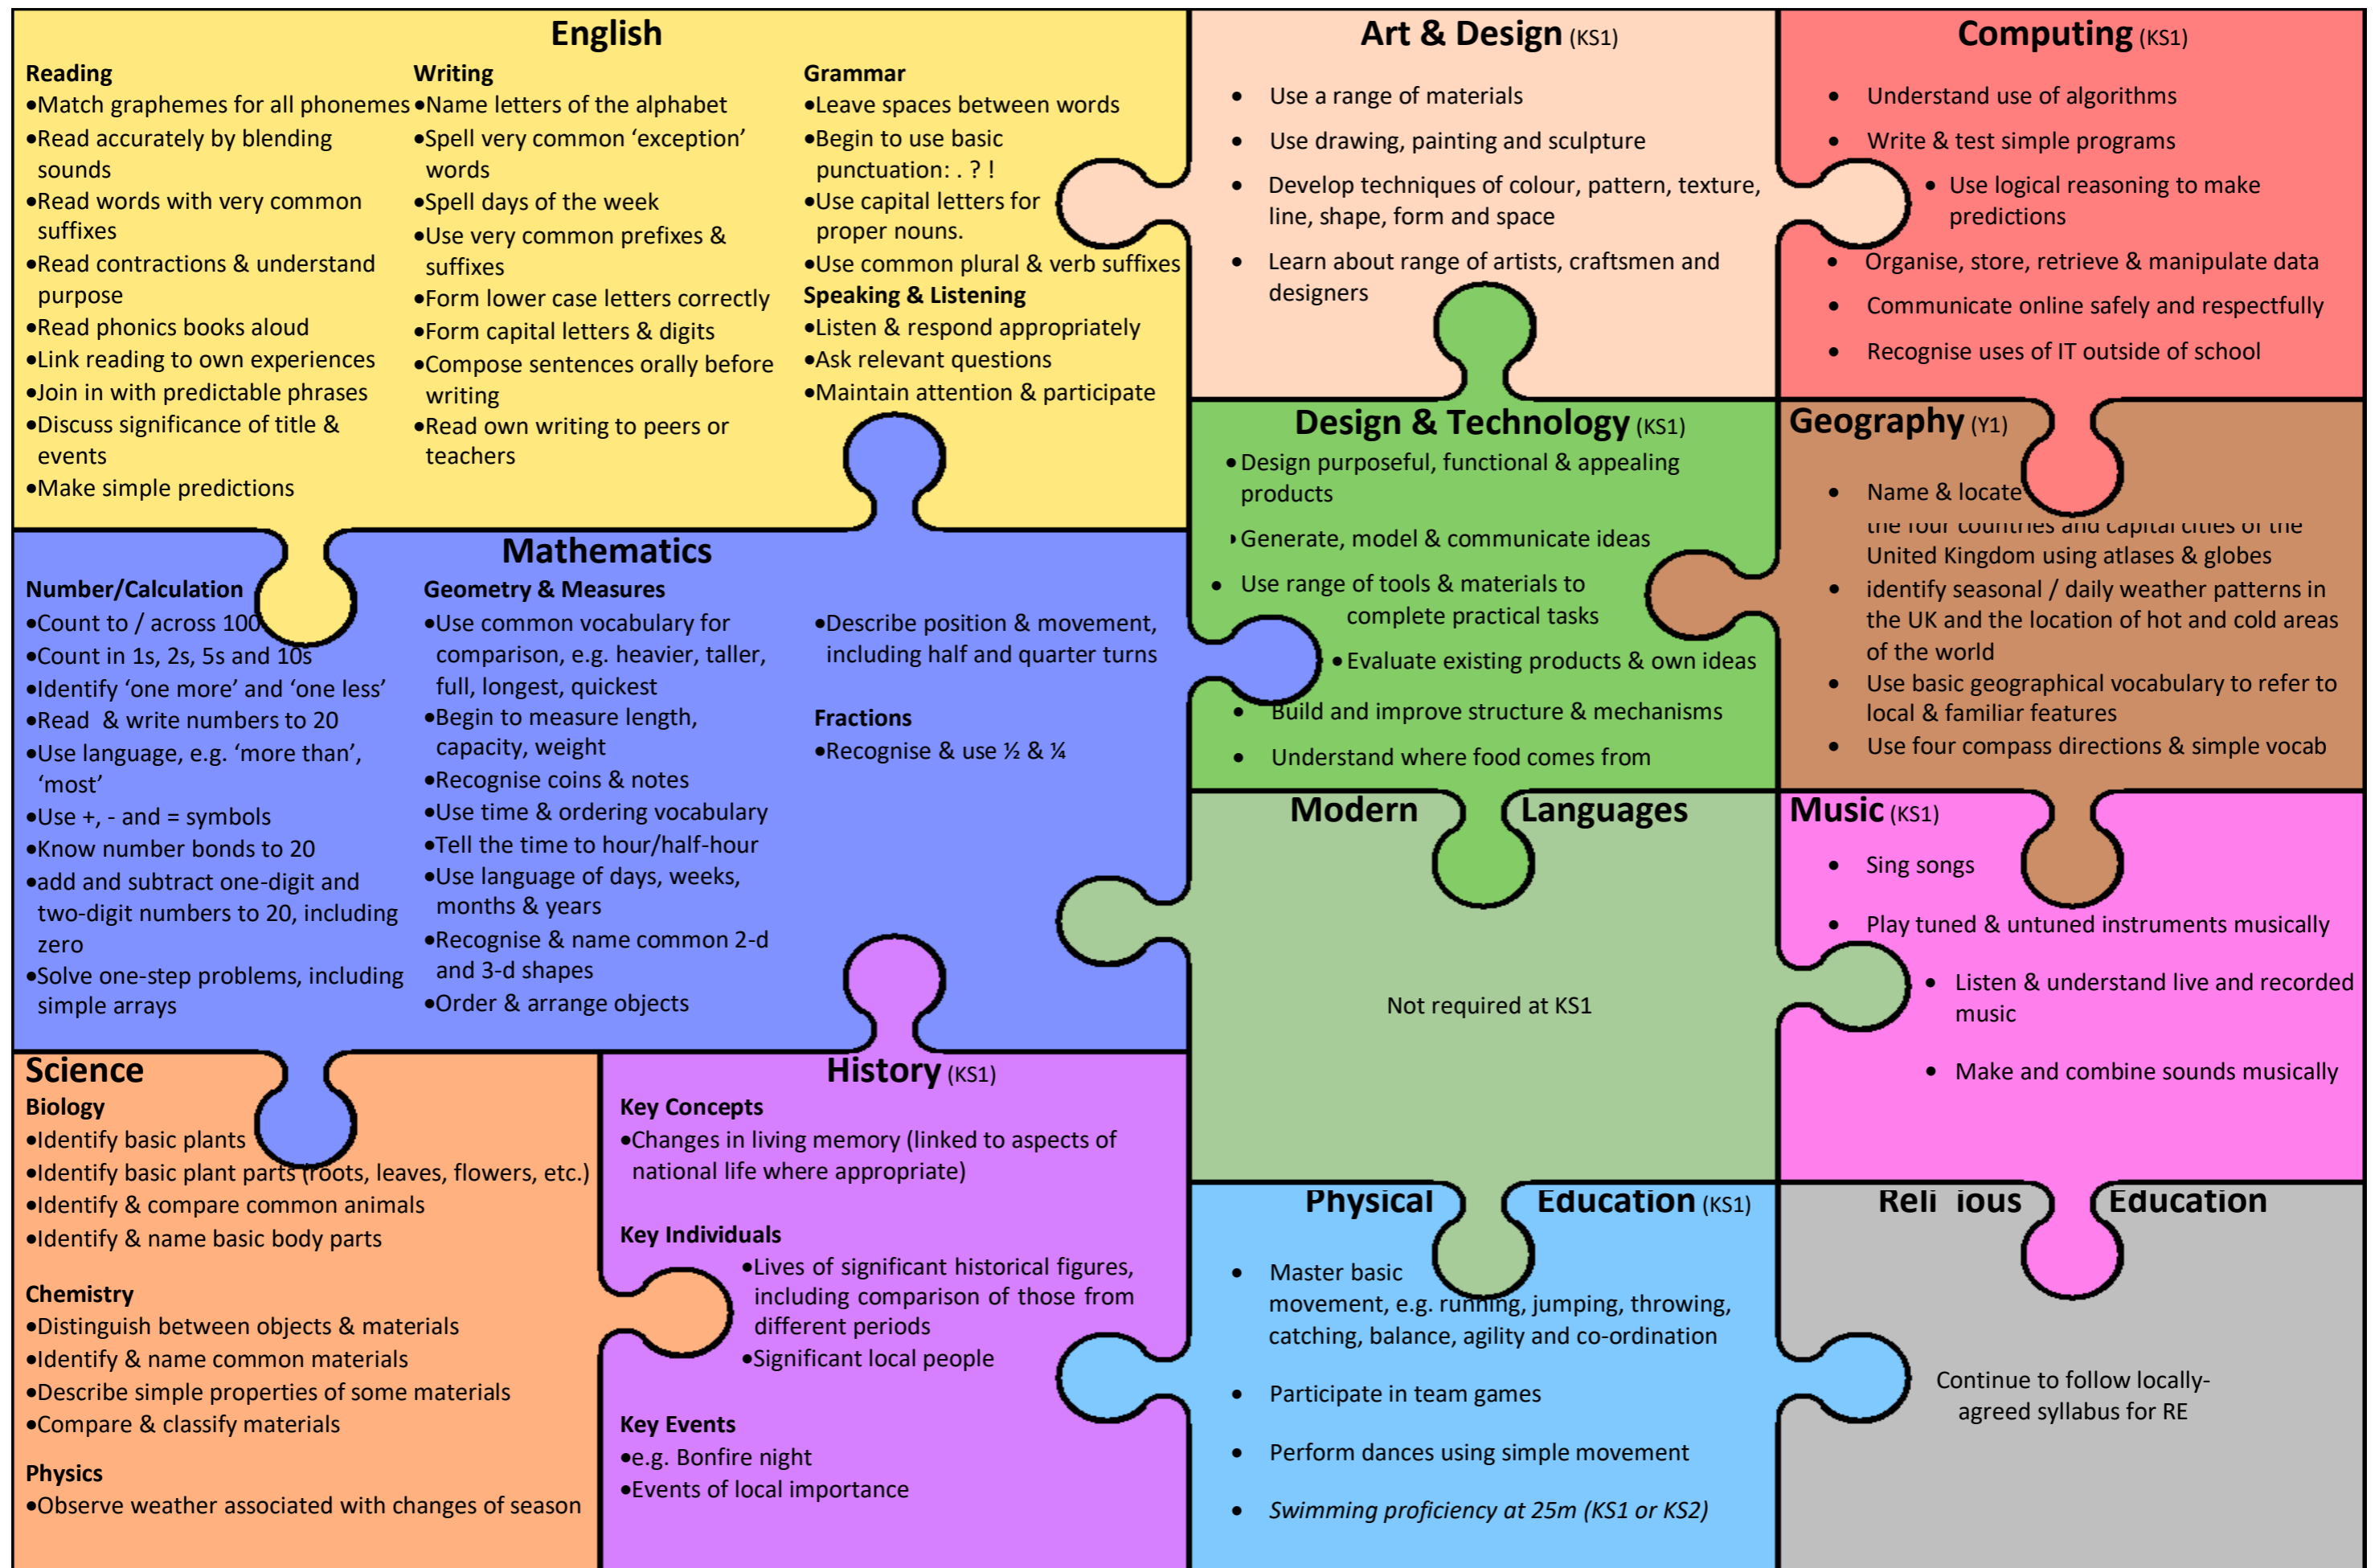

Core subjects (English, Maths and Science) are presented in a year-by-year format, based on the outlines given in the National Curriculum. History is also presented in this format, based on the suggested programme.

All other subjects are presented in two-year sections, Year 1 and 2, Year 3 and 4, Year 5 and 6 as set out in the new National Curriculum.

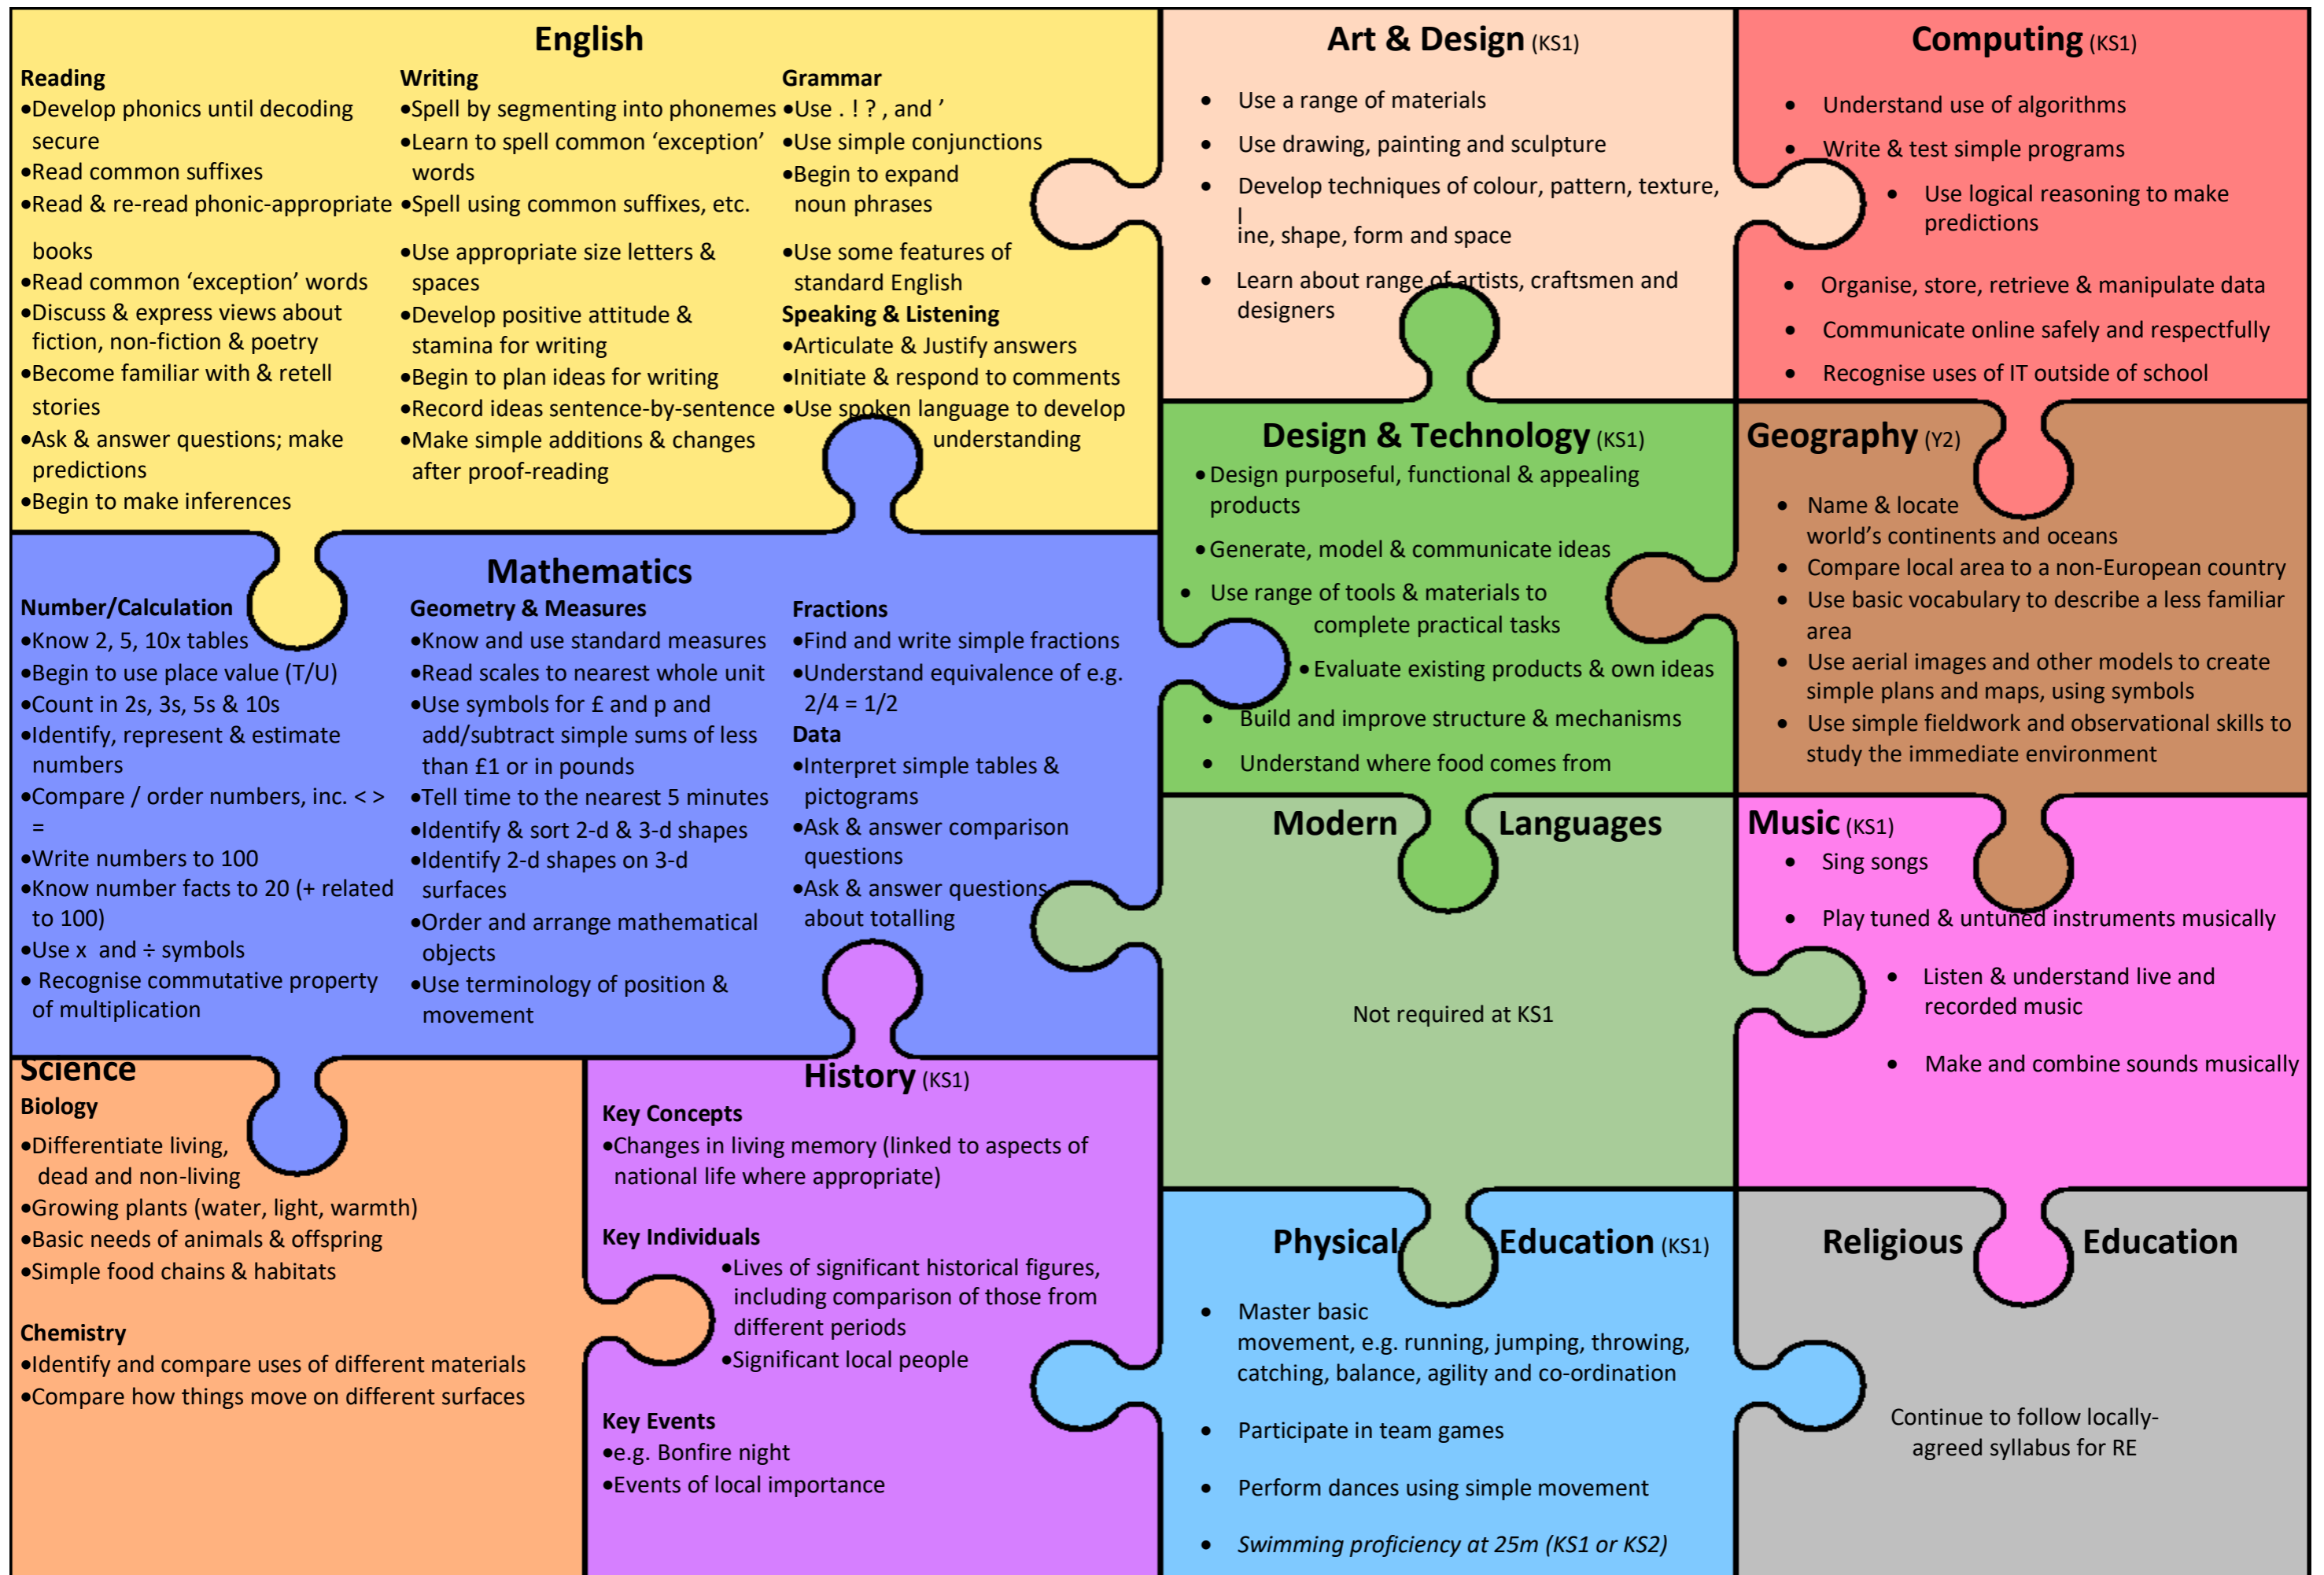

Teachers plan for progression and cover objectives appropriate to the theme being covered and the children's needs.

At Pendock School, we teach the National Curriculum through themes as part of our skills based creative curriculum. We will often plan whole school topics, thus allowing for effective use of enrichment days, trips and visits that are relevant to all children and support deepened knowledge and understanding across the school.
